Bring Life to Your Dream Garden!

KCJ Landscaping LLC is a leading landscape company in Dubai which has transformed several gardens into heavens through our magical touch since 2012. We are backed by a team of skillful and creative landscape architects, civil engineers and more dedicated professionals who strive hard to make the best tailor-made & fascinating designs that always exceed our client's expectations!

RESIDENTIAL & COMMERCIAL LANDSCAPING

Landscaping your place allows you to enjoy it to the fullest! We KCJ Landscaping, a landscaping company in Dubai with the best landscapers in town we help you transform your space for the better.

Speaking of elegance and luxury, nothing could get that to your house or building other than a beautifully landscaped area in front of it.

Another popular misconception about landscaping is that people think that landscapes are just for aesthetics. But it's not! Landscapes can make your space more functional than you would even imagine! A perfectly designed landscape by expert architects from KCJ Landscaping will help you achieve that functionality as well as act as a great source of proper ventilation for the residential and commercial area.

SWIMMING POOL DESIGN, CONSTRUCTION & MAINTENANCE

Swimming pools are one of the most important elements that you should add to your villa's landscape in the UAE. Not just that it adds more beauty to your garden and outdoor space but also it is one of the most functional elements that you could add to your villa in Dubai. Swimming pools in a country like the UAE are very much useful and also much easier to maintain than in any other part of the world.

At KCJ Landscaping we help you ideate the best design possible for your back-yard swimming pool that you could cherish for a lifetime. We have been part of this swimming pool design and construction industry for the past 8 years, through these years we have been able to translate all of our client's needs and requirements to the design that suits them the best.

GAZEBO & PERGOLA DESIGN & CONSTRUCTION

Gazebo & pergola serves many functions like providing shade in your Dubai villa's garden, providing a cosy seating area that lets you enjoy your garden's view to the fullest. A gazebo or pergola also serves as a great spot to socialize with friends and family. Whatever the design may be, a gazebo or pergola at your yard is always a delight!

We construct the best in class gazebo and pergola designs, we just don't construct it we customize the structure to fit into our customer's function.

BUILDING MAINTENANCE & MASONRY WORKS

At KCJ landscaping, we do both preventative maintenance for your buildings to protect it all the time and also, we do immediate and emergency maintenance.

Our maintenance services to your buildings are not just limited to civil works. We also do maintain the beauty of the building through deep cleaning, cleaning and painting high raised walls and ceilings of commercial and residential buildings, maintaining your house and landscapes.
